

1920—THANKSGIVING DAY—1920

THANKSGIVING A MODERN VERSION OF ANCIENT FESTIVALS.

Because the president issues a proclamation appointing a certain day of Thanksgiving each fall, we are apt to regard this holiday as peculiar to America only.

Thanksgiving Day is, however, only our modern version of a very ancient festival, one observed in almost every corner of the globe.

And we feast today on much the same foods our ancestors considered choice morsels centuries ago.

The Thanksgiving proclamation appears in several places in the Bible.

In Leviticus there is the command, "When ye shall have gathered the fruit of the land, ye shall keep a feast unto the Lord."

The Greeks honored Ceres, the goddess of agriculture. Her symbols were poppies, ears of corn, a basketful of fruit and a little pig. Except for the poppies the market basket of the ancient Greek goddess would be gladly accepted in any modern kitchen just before Thanksgiving.

MORE THAN TWO THOUSAND ATTEND OPENING OF FAIR

Governor's Day Is Great Success — Fair Is Started With Hundreds on the Floor—Big Dance Closes the First Day.

The 1920 Corn and Tobacco Fair was officially opened Tuesday evening at the large Liberty Warehouse and during the evening there were 1504 admissions paid at the door while the number of complimentary tickets issued to booth owners and others will probably bring the total in attendance to two thousand or more.

The first day's program was a great success. Of course, the address by Governor Edwin P. Morrow was the big feature of the opening day. Following a band concert by the Boys' Band, the Governor was presented by Secretary George Kirk. Although his address was short, the Governor, in his usual style beautifully referred to the harvest season of the year and the cause for giving thanks in Kentucky. He complimented Mason and her neighbor counties upon the quality of the soil and reminded them that they had much reason this year for giving thanks to the Almighty Father.

The vaudeville acts were watched with much interest, being the first appearance. All three of the acts pleased the large crowd but especially interesting to the youngsters was the dog and pony act.

The booths are beautifully decorated by their owners and the committee of judges to be chosen to select the most attractively decorated booth will certainly have a big job on their hands. Much time and skill is displayed in the decorations and the usual interest is manifest in the booths all around the large warehouse.

The school display in the northeast corner of the large warehouse is attracting much attention and especially is the display of the Colored Domestic Science department being highly complimented. The display of the Manual Training department of the Maysville High School has opened the eyes of the general public. Persons who have not been in touch with this department did not realize that such splendidly perfect work as is on display at the fair could be produced by the students and their very efficient director.

The display of corn and garden truck was never so good as the interest that these displays is creating is seen in the number of persons who gather around the exhibits. Because of the weather and the heat in the warehouse, the tobacco entries were not displayed Tuesday but were put on the tables today and some of the best tobacco, so far as color is concerned, that has ever been seen here is on display.

The Boys' Band never played better than on Tuesday Evening. Several new numbers were played and they all met with hearty applause. Those who are able to judge say that a great improvement has been made in the band during the past few weeks. Sales of tickets on the several valuable articles the band will give away on Saturday evening were large. These articles will be given away at the fair and the holder of the lucky ticket must be in the building on Saturday evening or another ticket will be drawn within a reasonable length of time.

The display of hand-work and canned goods has also attracted much interest. Some very beautiful work and some very appetizing canned foods are on display.

The Poultry Show is probably the best in the State of Kentucky. Some of the best bred fowls in the whole of the country are being displayed. The pens of Rhode Island Reds, Mason county's official breed, are beautiful. Persons in the army were sentenced to show have carried away the chief prizes at the best poultry shows in the nation. Mason county has the same right to be proud of its poultry that it has to be proud of its champion tobacco and corn.

Wednesday is Lewis county day and quite a number of our Lewis county neighbors are here for the day. The Trinity Boys' Band will furnish the music all day giving a concert at 2 o'clock this afternoon and at 7 o'clock tonight.

Many young Maysvillians attending college and universities arrived home today to spend the Thanksgiving holidays with their parents.

ANOTHER CIVIL WAR VETERAN ANSWERS TAPS

Mr. Madison Brown Died This Morning at Soldiers' Home in Dayton, Ohio, After Long Illness.

Relatives received a message this morning announcing the death in the National Soldiers' Home at Dayton, Ohio, this morning of Mr. Madison Brown, a life-long resident of Maysville, who has been at the home for only a few months.

Mr. Brown suffered a fall several months ago breaking his leg. Previous to this fall he had been in bad health for some time but since the fall he has been steadily growing weaker. He was 74 years old last July and was a member of Company H 54th Kentucky regiment during the Civil War. He was a carpenter by trade and he followed his trade in this city for many years making for himself a reputation as a master of tools and until advanced age retired him, he was considered one of the best carpenters in this whole section.

He is survived by one sister, Mrs. John R. Rudy, of East Second street, with whom he made his home for some time. The body will be brought to Maysville for burial but the time has not as yet been learned. But notice will be made of the funeral.

Republican Candidate For Senator Defeats Senator Beckham More Than Cox Defeated Harding.

Frankfort, Ky., Nov. 24.—A solid Democratic representation from Kentucky in the Electoral College was assured this morning when returns arrived from Elliott county giving Guy Patterson, Eleventh District elector, a majority of 545 over W. J. Deboe, leading electoral candidate on the Republican ticket.

Chairman Roy B. Speck called the State Board of Election Commissioners together when the vote had been certified to him by Secretary of State Fred A. Vaughan, and certificates of election were made out for the thirteen Democratic electors.

Elliott county also increased the majority of Congressman W. J. Field over W. G. Blair 854 and reduced the majority of Richard P. Ernst over Senator J. C. W. Beckham 647.

BRACKEN FATHER IS FINED UNDER THE SCHOOL LAW

Germantown Man Is Fined For Failing to send His Children to School—First in This Section.

The Bracken Review says: "On Monday Mr. Charles Orme, of near Germantown, was on trial for violation of the compulsory attendance law. It was the first case before Judge Ernest L. Dodson and he made a very favorable impression."

"Mr. Orme was arrested by Deputy Sheriff Gibson on a warrant sworn out by County Attendance Office Silas Jacobs. He was charged with failure to send his daughter, Bessie, to school."

"Mr. Orme came into court and plead extenuating circumstances, but they were not sufficient to satisfy the court and a fine of five dollars and costs was assessed against him. The fine was suspended upon promise of Mr. Orme immediately to comply with the law."

"This was the first court case in the county under the new law and it shows that the law can and will be enforced."

"This should stand as a warning to all offenders and every good man and woman should assist the school officials in the enforcement of this law."

GEO. L. MARTIN, KY. EMBEZZLER, FOUND IN TEXAS

Man Responsible for the Failure of a Louisville Savings Bank Is Captured in Dallas, Texas.

Louisville, Ky., Nov. 24.—George L. Martin, whose alleged embezzlement of \$260,000 wrecked the German Savings Fund Company Building Association in 1918, has been captured in Dallas, Texas, ending a search for the fugitive which has been nation-wide in its scope, a telegram yesterday from the sheriff there announced.

The telegram was received yesterday afternoon by Chief of Police Leslie L. Petty from Sheriff Dan Harston, of Dallas. The message stated that the prisoner admitted his identity.

Before confirmation of the report of Martin's capture had been received local authorities took immediate steps toward obtaining requisition papers for extradition of Martin to Louisville for trial.

Information furnished Texas authorities by Leslie Thuman, detective working out of the office of Commonwealth's Attorney Joseph H. Huffaker, is believed to have led to Martin's arrest.

Word has recently been forwarded of the chief of police at Dallas, Fort Worth and Houston from the office of the Commonwealth's Attorney that there was reason to believe that Martin was representing Louisville men

RETAILERS ORGANIZE TO FACE CRISIS

Decline in Prices To Be Met By Organization of the Nation's Retail Organizations.

New York, Nov. 23.—Representatives of more than 1,200 retailers of clothing, dry goods, shoes and millinery throughout the country organized the council of national retail associations here today in an effort to meet the crisis in the retail trade due to steadily falling prices.

The organization meeting was held behind closed doors, but it was learned that the newly formed council is composed of representatives of the National Retail Dry Goods Association, the National Association of Retail Clothiers, the National Garment Retailers, the National Shoe Retailers Association of the United States and the Retail Milliners' Association of America.

Salmon P. Halle, of Cleveland, the president of the National Retail Dry Goods Association was elected permanent chairman and executive head of the council. Each of the other four member associations will be represented in the directorate by a vice chairman. It was announced that the council would comprise fifty members, ten from each of the organizations, each group voting as a unit and each having equal authority in council matters.

WARRANTS ISSUED IN THE CUTTING SCRAPE SUNDAY

Final Offense Is Charged Against Brothers Following Investigation of Police—Warrants Issued On Information.

Warrants were issued in Police Court this afternoon charging George and Arthur Dale, brothers, with assault with a deadly weapon. These warrants were issued following the investigation made during the past several days by the local police into the fracas in which Edward Archibald was cut on Sunday evening. No affidavit could be obtained by the police.

The offense for which the warrants are issued is not a felony and is punishable by a fine. It was at first thought that the matter would be allowed to go to the grand jury but later the police chose to issue warrants for the lesser offense.

Although the case has not been set, awaiting progress of Mr. Archibald, the injured man, it is likely that it will be called on next Friday afternoon in city court.

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Huggett residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Huggett said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on."

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me."

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped."

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

If suffering with symptoms such as Miss Huggett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years.

ALASKA IS FAST FLOWER LAND.

(A. J. Stone in Century Magazine.) Alaska is one of the most gorgeous flower lands of all America. In no other part do wild flowers and the grasses grow in such wonderful beauty, profusion and abundance, and pay such tribute to the soil from which they spring and the climate that develops them. North of Chugach Bay the country stretches away in gently rolling hills and meadow lands for miles and miles, dotted here and there with groves of spruce and clumps of birch, cottonwood and alder.

As I passed through the groves of spruce and blue grouse and the squirrels scattered and scolded, and birds of much the same species found in New England were plentiful. I collected fifty-seven varieties in one season, and this was but a small fraction of the species that are common there.

I saw wild crabapple, elder and sumac. I picked wild raspberries, gooseberries, salmon berries and red currants, all of good size, of splendid flavor and often abundant.

Before me were acres and acres of rolling foothills, with a dense growth of foliage and flowering plants, wild

celery, wild parsnip, Northern yarrow, larkspur, false hellebore, the dainty red columbine almost touching my shoulders; wide reaches of blue forget-me-nots above my knees and rich grasses and flowers of many other varieties. Beyond were little lakes covered with yellow pond lilies, bordered here and there with the beautiful purple iris; higher up were fields of yellow sunflowers, white and purple daisies; and still higher I have tramp for fully to miles where I could scarcely step without tramping upon violets as large and as luscious in leaf and flower as could be found in any florist's.

On the higher stretches grew in endless array pinks, buttercups, harebells and dozens and dozens of daisy-like, blossoming plants of great beauty and in many colors, among which I photographed carnations in bloom and on the whole of this mountain slope the finest grasses, wonderfully thick, the best grazing lands in America.

"The Wires are Already There—"

Sometimes, when folks order a telephone, they say: "It won't take you but a few minutes to install it, because the wires are already on the house."

BUT—

The circuit from the house all the way to the telephone exchange is the one that really counts—

That circuit is released—used for some other subscribers—when a telephone is removed.

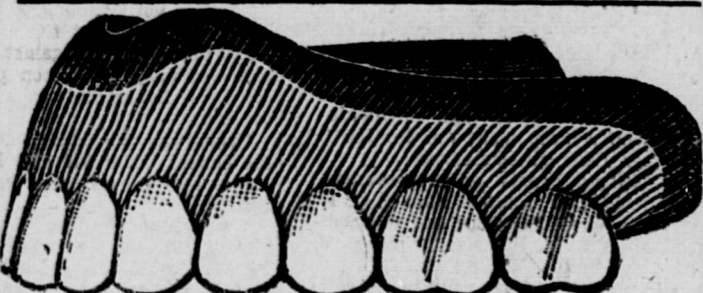

Another must be built up for you before your telephone can be installed, and that takes time and work—

That is why it takes longer than "just a few minutes" to install a telephone—because there is a great deal more to do than simply to fasten the instrument on your wall!

ONE WOMAN'S EXPERIENCE

Of Interest to Expectant Mothers

Goshen, Ind.—"I took Lydia E. Pinkham's Vegetable Compound with good results after I had suffered for some time with female trouble. Some years ago I had twin boys and took your Vegetable Compound before they came; also before my four year old boy was born, and afterwards, and think it fine for such cases. I tell others what it did for me and you may publish my testimonial."

—Mrs. Geo. A. Foss, 711 S. 9th St., Goshen, Ind.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong and this good old-fashioned root and herb remedy contains no narcotics or harmful drugs.

WEDS COACHMAN; CUTS HIS THROAT, TAKES OWN LIFE

Madeline Moreno, Once a Renowned Singer and Very Wealthy, Invites Husband to Dinner and Kills Him.

Paris. — One thousand francs only remaining of her former wealth, Madeline Moreno, who was a renowned singer in gay Paris theaters before she married Joseph O'Brien, a coachman for one of the wealthiest residents of the Champs Elysees, invited her husband out to dinner a short time ago.

To one of the most expensive restaurants in Paris, the scene of Mlle. Moreno's former splendor, they went. They returned home about 2 o'clock in the morning, minus the 1,000 francs. An hour later Mrs. O'Brien cut her husband's throat with a razor, then committed suicide.

The concierge of the apartment, where the couple occupied a handsomely furnished flat in a street leading from the Champs Elysees, reported the matter to the police and in a few minutes a distinguished looking man called.

He made inquiries concerning the affair, which the concierge answered. "Mr. Police Commissioner," he added, "please hurry and have the bodies removed from the flat."

"I am not the Police commissioner," replied the visitor, "but you admit the flat is vacant, that the price is so much. Then I will rent the apartment. I have been looking for one for over a year."

HOLD CONGRESS FOR EDUCATING EASTERN WOMEN

Purpose of Campaign Is To Get Them To Associate With Public Life and Cause Them To Expand.

London. — The Congress of Eastern Peoples, decided to undertake a campaign of agitation and propaganda among the Mohammedan women of the East, says a wireless dispatch from Moscow quoting the Russian newspaper, Pravda. Women delegates to that congress are declared to have urged a convention of another congress to be composed exclusively of women of the East. Soviet Russia would be represented in such a congress by delegates from Astrakhan, Turkistan, Daghestan and Azerbaidjan.

The purpose of the proposed campaign as defined by the newspaper, would be to induce Eastern women to "take their places in the ranks of the strugglers for the liberation of the East."

To attain that object the Congress of Eastern Peoples decided to organize women's guilds so as to carry on agitation among them and induce them to become associated with public life and to draw them away from the narrow interests of domestic life.

The congress decided also to ask clubs and schools to give wide scope to agitation and propaganda among Moslem women.

"It must be clear that the East has awakened, once Eastern women have removed the veil," says The Pravda.

WHAT'S THE REASON? Many Maysville People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Maysville. Ask your neighbor!

FINDS BANKERS WANT FINANCE BOARD REVIEWED.

Ex-Director of War Corporation Reports After Tour a Deplorable State of Business in Central West.

Chicago. — Eugene Meyer, Jr., former managing director of the War Finance Corporation announced in a statement that hundred of bankers with whom he talked on a trip through the Central West with the Calder Senate Committee on Reconstruction have, with only one exception, endorsed a proposal to revive the finance corporation.

Business conditions throughout the territory visited by the committee are serious, Mr. Meyer said, and action is urgently needed to restore sound financing. His statement, in part, follows:

"I have been all over the Central West as far as Denver and South to New Orleans with Senator Calder's committee. The committee has met thousands of the foremost representatives of agriculture, mining, manufacturing and banking in Cleveland, Chicago, Des Moines, Omaha, Denver, Kansas City, St. Louis and New Orleans.

"There is a complete agreement everywhere on the deplorable state of business. Commerce is halting and for many of our most important products there is little if any market. The assistance of the War Finance Corporation in connection with export trade is looked upon everywhere as the most important immediate practical step that could be brought forward for the improvement of the situation.

"Out of several hundred representative bankers with whom I have discussed the subject, but one has expressed himself as not favorable."

GAIN IS INDICATED IN EARLY RETURNS.

Indications Are That Membership of Red Cross in This Division Will Be Increased at End of Drive.

All reports to Lake Division headquarters in Cleveland, O., indicate that the Fourth Red Cross Roll Call, which has been under way since Armistice Day, November 11, will be the most successful ever conducted in the three states of the division—Ohio, Indiana and Kentucky.

Columbus, O., has more than quadrupled its last year's enrollment while Elyria, O., Chapter, in only three days' canvassing, has exceeded its entire membership total of a year ago.

Many other chapters are confident of a 100 per cent. gain in the present Roll Call, basing this assurance on the daily totals.

Lake Division's pageant, "The Red Cross of Peace," written by Mrs. Ruth Mougey Worrell of Dayton, O., has been produced in more than 200 communities during the Roll Call period, visualizing in an effective way the peace program of the American Red Cross.

Members of the Junior Red Cross, Boy Scouts and school children throughout Lake Division have enrolled thousands of members in the Roll Call. In a number of places high school students have taken entire direction of the Roll Call, acting immediately under instruction from the local Red Cross chapter.

Sole leather that also is suitable for heels of all kinds of shoes is being made in Germany from leather waste.

KENTUCKY BEATS TEXAS WHEN WILSON'S GOBBLEERS MIX.

Washington, Nov. 22. — The White House grounds was the scene today of a spirited battle between the turkey gobblers sent to President Wilson for Thanksgiving by South Trimble of Kentucky and the Chamber of Commerce of Cuero, Texas.

The turkeys were released from their crates and Texas leaped upon Kentucky, but in the fighting the turkey from Kentucky emerged victorious though not unscathed.

Then with bloody comb and bedraggled feathers it engaged in a strut of pride over its victorious battle with the Lone Star State representative.
